

As We Grow Counseling/Two by Two Counseling

Explanation of Benefits

When utilizing Insurance Benefits we make every effort to gather the most accurate information regarding coverage and patient responsibility. At times once a claim is submitted the Explanation of Benefits may show a different amount. Based on the Explanation of Benefits we will either reimburse you the difference or you will be financially responsible for any outstanding balance. Should an insurance company request a refund of payment from us due to a lapse in coverage or cancellation of coverage the patient will be financially responsible.
